DISCOUNT
CREDITS

Return out-of-date cylinders for a discount on your order of new cylinders purchased from Thunderbird Metals East and Thunderbird Metals South.

CREDIT:

The credit is based on the cylinder weight and the aluminum recycle rate at the time of receipt. For estimated credits, please contact your sales representative.

REQUIREMENTS:

- **Type:** Oxygen and CO2 aluminum cylinders, with 6061 cylinders receiving the highest credits.
- **Preparation:** Cylinders must be purged of all gas and shipped with valves open. Failing to follow these steps will result in a safe transport and disposal charge of \$25 per cylinder.
- **Delivery:** Customer is responsible for all freight to 795 Sam T Barkley Drive, New Albany, MS, 38652.

CREDIT USAGE:

- Credits are non-transferable and can only be applied to the account of the original customer.
- Credits must be used within 90 days from the date of issue; unused credits after this period will expire.
- Credits can only be applied to new cylinder purchases and cannot be redeemed for cash or other products.
- Credits can be applied to purchases made from either cylinder plant.
- All sales subject to Thunderbird Metals East and Thunderbird Metals South ("Thunderbird") terms and conditions. Thunderbird reserves the right to reject cylinders that do not meet program criteria or that pose safety concerns. Program terms are subject to change without notice.
